

Overarching standard

```
graph TD; OS[Overarching standard] --> I[Investigation]; OS --> A[Advice]; OS --> M[Management]; I --> ASR[Archaeological Specialist Researcher]; I --> AT[Archaeological Technicians]; I --> HER[Historic Environment Records Officer]; A --> PA[Planning Archaeologist]; A --> HEC[Historic Environment Consultant];
```

The diagram is an organizational chart with three horizontal levels. The top level, 'Overarching', contains a single box 'Overarching standard'. A vertical line descends from this box and splits into three horizontal lines, each leading to a box in the 'Core' level: 'Investigation', 'Advice', and 'Management'. From 'Investigation', a vertical line descends and splits into three horizontal lines leading to 'Archaeological Specialist Researcher', 'Archaeological Technicians', and 'Historic Environment Records Officer'. From 'Advice', a vertical line descends and splits into two horizontal lines leading to 'Planning Archaeologist' and 'Historic Environment Consultant'. The 'Management' box has no further connections. The background is divided into three colored horizontal bands: light blue for 'Overarching', light grey for 'Core', and light yellow for 'Subsidiary/job specific standards'.
